

End user info

In the case attention window, clic on  button to display end user name and doble clic on the same button to open the user *Notification method* window.

The screenshot shows a navigation bar with icons for Case, Category, Work-Arounds, and a user icon. The user icon is highlighted with a tooltip showing the name "Aaliyah Kelley Myers". Below this is a "Notification method:" window. The window has a title bar with a close button (X). Inside, there is an "Add +" button. Below it is a dropdown menu currently set to "eMail". To the right of the dropdown is a text input field containing "leverit.test@outlook.com". To the right of the text field are icons for a checkmark, a folder, a globe, and a close button (X). Below these are four text input fields labeled "Street Address", "Country" (with a dropdown menu showing "United States"), "Province/State/City", and "Zip/Postal Code". At the bottom right of the window is a red "Save Changes" button.

Click on Add to create a new notification method

Choose on the drop-down list the notification type
